Re: Himco Dump, Elkhart, Indiana

Dear Sirs:

The United States Environmental Protection Agency (U.S. EPA) informed you by letter dated June 24, 1992, of upcoming remedial design/remedial action (RD/RA) activities at the above-referenced site. U.S. EPA would like to meet with the representatives of all potentially responsible parties (PRPs) who are interested in conducting the RD/RA at this site. The primary purpose for this meeting is to discuss background information on the site, response activities to date, expected PRP response activities, and the structure of consent decree discussions. This meeting does not constitute the beginning of formal negotiations.

The meeting has been scheduled for 10:00 a.m. on Wednesday, August 19, in Room 328 of the Ralph H. Metcalfe Building, 77 West Jackson Boulevard, Chicago, Illinois. U.S. EPA hopes that the meeting will encourage negotiations among you and other PRPs at the site, as well as facilitate a PRP-lead response action for this RD/RA. The final Feasibility Study and Proposed Plan is due to the public on September 30, 1992. Currently, U.S. EPA is continuing its evaluation of PRP liability.

If you have any questions regarding this letter, please contact Thomas Nash, Assistant Regional Counsel at (312) 886-0552, or Mary Elaine Gustafson, Remedial Project Manager at (313) 886-6144.

Sincerely,

  
Thomas Nash  
Assistant Regional Counsel
